

Partial Rebuild Bulletin

Issue 7

"Be very careful, then, how you live – not as unwise but as wise, making the most of every opportunity." Ephesians 5: 15 – 16

WB 12 February 2024

Crucial project
deadline dates
to be finalised.

A lot has happened over the last two weeks, with the fiftieth temporary unit being delivered and installed.

We are now halfway through the construction of the temporary block which will be completed in early March. There are some critical dates which need to be met before arrangements can be finalised for the move into the temporary block. These will be confirmed in a meeting next Monday (12th February 2024). Following the meeting next week, we will write to you to explain the arrangements for the move into the temporary block. This will include providing you with an opportunity to ask questions about the process.

WB 24 March 2024

Easter holiday.
Temporary
teaching block
completed.

As you will see in the images, the classrooms and facilities, although incomplete, will be finished to a high quality and have been manufactured specifically for our academy, in particular the curriculum we offer.

In addition to the temporary block, work has continued to connect the services of our existing buildings to the temporary blocks. This work has been scheduled to minimise disruption to the academy. Therefore, works will quicken over half term, including digging a trench across from Reception to the Sixth Form and music blocks. As part of the work being undertaken, we will be relocating the Memory Trees and Memory Bench to our Millennium Forest at the back of the site, protecting them from possible damage and to establish them within a new memorial area.

12 January 2026

The new
Academy block
replacing A-
block will be
open to pupils.

Finally, if you are an Alumni (ex-pupil of St Peter's), please keep an eye out for our first event of 2024 next half term.
