Dear Parents/Carers,

We hope that you are all enjoying the Easter holidays. Ahead of the students in Years 7, 8 and 9 returning to school on Wednesday 10th April we wanted to provide you with further information.

First of all, there is going to be work set for all students via their Year Group Google Classroom. Please ask your son or daughter to check there on Monday morning. The work set will need to be completed over both Monday and Tuesday.

The entrance and exit to the site has now moved, due to the building work. The entrance and exit to the site is now through the staff car park. This will be signposted, and staff will direct students to the new location. Furthermore, videos have been placed onto our website and social media channels, and can be found here:

<https://www.stpetersacademy.org.uk/rebuild>. It is important to note that this is also now the location of the visitor reception too, so if you are visiting the school this is where reception is now located.

When the students return to school it will be Week B, so please bring the required books and equipment for the lessons for that day. As we would normally do, the day will begin with line ups in the usual place, on the tennis courts. From here the students will be led to their form room by their tutor. For some students their form room will have changed as it was previously in the 'A Block', and has now transitioned into the Temporary Building, which we are labelling as 'T Block'. In form time the students will be issued with new timetables to show where their lessons have moved to, if they were previously in the 'A Block'.

As well as the building work on site during the Easter holidays we have also installed a new telephone system. We really appreciate your patience during the first few days back.

We hope that you enjoy the rest of the Easter holidays and we look forward to welcoming all of the students back into school next week.

Kind regards,

Mr. Daniel Sherriff

Vice Principal
