

St Peter's

Collegiate Academy

Ref: JH/KW

28 January 2025

Dear Parents and Carers,

We would like to invite you to a Safer Internet Evening for parents and carers on Tuesday 11 February at 6 pm. This will be an online event which will take place on Google Meet and coincides with this year's [National Internet Safety Day](#). If you have any questions about using Google Meet, please contact me in advance of the event.

We have invited an online safety specialist, Mr Patrick Flynn (Managing Director of Online Behaviours Ltd) to be our guest speaker for the evening and present on the wider aspects of online safety. He is a vastly experienced Education Technology and Online Safety Consultant who will be on hand to answer questions that you may have at the end of the session.

The format for the evening will be as follows:

- A brief welcome and introduction from the Safeguarding Team
- A discussion of current academy internet safety coverage in St Peter's Collegiate Academy
- An enlightening presentation from Patrick Flynn
- Q and As

With young people spending an ever-increasing time online, there has perhaps never been a more important time for parents to be aware of internet safety issues and advice. We look forward to seeing you virtually for what should be an informative and important event in this year's calendar.

Please click this link to [Confirm Your Attendance](#) by Friday 31 January 2025.

Yours faithfully,

Mr J Hall
Designated Safeguarding Lead
