07 April 2025

Dear Parents/Carers,

Students can now select their preferred subjects as part of the **2025 Options Process**.

They will receive a **Google Form** via their school email address, which will be used to manage their choices. Once they receive the email, the form will be **live** and available for completion until **12 April 2025**, when it will close.

The form includes full instructions and follows these steps:

- **Option A** – Choose between **geography and history** or **Spanish and computing GCSE**.
- **Option B** – Select a **first choice** from the list and a **reserve choice**.
- **Option C** – Select a **first choice** from the list and a **reserve choice**.

Please note:

- The form **must** be fully completed, including **reserve choices**, in order to be submitted.
- **Late applications** may result in missing out on preferred subjects if they become fully subscribed.
- While we aim to offer a broad selection of subjects with specialist staff, final availability will depend on student choices and timetable constraints.

This is an exciting step in your child's educational journey. We encourage you to discuss their options together, where possible, to support their decision-making. If you have any questions or require assistance, please do not hesitate to contact us.

Yours faithfully,

Mr L Gardner
Assistant Principal: Curriculum Development
