13 February 2026

Dear Parent/Carer,

Your child is now approaching the transition from Key Stage 3 to Key Stage 4. Over the coming months, decisions have to be made regarding your child's future study pathways. To support you and your child to make the most appropriate choices, we invite you into the academy to attend our Year 9 Parents'/Carers Progress & Options Evening on Thursday 05 March.

This event will be held in our Sports Arena and Theatre and will provide you with an opportunity to do the following:

- Receive feedback regarding your child's progress from teachers of English, mathematics, science, RE, geography and history
- Meet option subject teachers to discuss the course and appropriateness of the course for your child
- Listen to a presentation and explanation of the Options Process

The event begins at **3.45 pm and will finish at 6.00 pm**. You can make appointments to see teachers of English, mathematics, science, RE, geography and history either through the following link <https://speterscollegiateschool.schoolcloud.co.uk/> or by visiting <https://www.stpetersacademy.org.uk/parents-carers-evenings> on our website.

All non-core/option subject teachers will be available for informal discussions. For further information about the Options Process and available courses, please read our Options Booklet which is also available on our website: <https://www.stpetersacademy.org.uk/curriculum/year-9-options>

Three Options Process Presentations will take place in our theatre at 4.00 pm, 4.45 pm and 5.30 pm. Members of the Senior Leadership Team will be present to answer any questions you may have.

We look forward to welcoming you into the academy on Thursday 05 March.

Yours faithfully

Mr L Gardner
Assistant Principal – Options
